This is only a short sample of the Immersive Programmes that we offer. All courses may be adapted to the student's individual needs. The number of lessons may be between 10 and 30 per week-lessons last 60 minutes each. Visits and extracurricular activities may also be arranged according to the student's interests. All students are assessed upon arrival and before departure. Teachers provide an extensive report on progress and achievement as well as recommendations for future studies. A certificate of completion is awarded at the end of each course.

Our programmes are also available for families-up to 4 members-and for groups of up to 4 students. All students would share the same home and host family and enjoy activities together.

For more information and details of each programme please get in touch. Tell us what you need, we are here to help you.
